

Purpose

The purpose of this website is to share all my favorite things to binge. It includes tv shows, movies, youtube channels, books, and maybe one day games.

Important Things To Know

I only include things I like! I don't rate different things. You'll only find media that I myself would watch, read, or play. I do love recommendations though so feel free to send me some.

Binge It With Lex
From being my favorites to yours
